Directions

We quickly make a nice dough from flour, cottage cheese, butter, egg and salt.

On a floured rolling pin, roll it out to a thickness of about 3 mm and divide it into similarly sized parts, about 6 x 6 cm, with a rolling pin.

Put a piece of dough in the palm of your hand and fill it with a spoonful of blueberries. Carefully wrap and form a round dumpling.

The blueberry dumplings prepared in this way are stacked side by side with a 3 cm gap on a greased perforated stainless steel GN 40 mm high.

After preheating the convection oven, place it in the cooking chamber.

After cooking, brush with warmed butter and preferably serve immediately. First sprinkle with sugar to taste, then pour over melted butter and finally decorate with cottage cheese and blueberries.
